

Hi family!  
I passed my final testing! This means that I can make safe and independent decisions with minimal aid from an instructor. I am able to be matched with a student now, as soon as my perfect match comes up! My instructor is very proud of me. We will let you know if I have a match. Thank you for being a big part of this amazing process. I love what I am doing! I couldn't have gotten this far without your love, support & teaching. Love and tail wags!
